CHASHMA SUGAR MILLS LIMITED
DIRECTORS' REVIEW REPORT

The Board of Directors is pleased to present the un-audited condensed interim financial information of the Company for the six months period ended on March 31, 2020. This condensed financial information is presented to the shareholders of the Company in compliance with the International Accounting Standard No. 34 "Interim Financial Reporting", the Code of Corporate Governance, under Section 237 of the Companies Act, 2017 and Listed Companies (Code of Corporate Governance) Regulations, 2019. The enclosed financial information is un-audited and have been reviewed by the external auditors as required by the Code of Corporate Governance.

OPERATIONAL PERFORMANCE

The sugarcane crushing season commenced on November 29, 2019 continued till March 18, 2020. The mills crushed 1,432,075 tons (2019: 1,562,413 tons) of sugarcane to produce 151,012.50 tons (2019: 166,251.50 tons) of sugar having an average recovery of 10.55% (2019: 10.64%). The Provincial Governments of Punjab and Khyber Pakhtunkhwa notified sugarcane price @190 per maund. The sugar mills in the surrounding area were facing sugarcane shortage in their respective gate areas and started to procure sugarcane from our mills area. This forced us to increase sugarcane prices over and above the notified rates.

SUGAR PRICES

The sugarcane prices remained stable throughout the period, however, after the closure of crushing season, the Government of Pakistan (GoP) interference in the free market economy has depressed the prices below the cost of production.

ETHANOL FUEL PLANT AT UNIT-II

The Ethanol Fuel Plant produced 16,854.584 MT of Ethanol during the half year that ended on March 31, 2020.

FINANCIAL PERFORMANCE

The Company has earned profit of Rs. 189.177 million after incorporating GoP taxes (2019: Rs. 162.728 million) during the half year ended March 31, 2020.

ACCOUNTING POLICIES

The accounting policies adopted in the preparation of this quarterly condensed interim financial information are the same as applied in the preparation of the preceding annual financial statements of the Company.

ACKNOWLEDGEMENT

The Directors appreciate the spirit of good work done by the Company's staff at all levels.

ON BEHALF OF THE BOARD

چشمہ شوگر ملز لمیٹڈ ڈائریکٹرز کی جائزہ رپورٹ

ڈائریکٹرز 31 مارچ 2020 کو ختم ہونے والی سش ماہی کی اختتامی مدت پر کمپنی کی غیر آڈٹ شدہ کنٹرنڈ عبوری مالیاتی معلومات پیش کرنے پر مسرت محسوس کرتے ہیں۔ یہ کنٹرنڈ مالیاتی معلومات حصہ داروں کو انٹرنیشنل اکاؤنٹنگ کے قواعد نمبر 34 نمبر فائنٹشل رپورٹنگ، کمپنی ایکٹ 2017 (دی ایکٹ) کے سیکشن 237 اور لسٹڈ کمپنیز (کوڈ آف کارپورٹ گورننس) ریگولیشن، 2019 کے مطابق ہیں۔ مشترکہ مالیاتی معلومات غیر آڈٹ شدہ اور بیرونی آڈیٹرز کی جانب سے جائزہ لینے کے بعد کوڈ آف کارپورٹ گورننس کی ضرورت کے مطابق ہے۔

آپریٹس کارکردگی

گئے کارکننگ سیزن 29 نومبر 2019 کو شروع ہوا اور 18 مارچ 2020 تک جاری رہا۔ ملز نے 1,432,075 ٹن (2019 میں 1,562,413 ٹن) گننا کرش کیا اور 10.55 فیصد اوسط (2019 میں 10.64 فیصد) کے حساب سے چینی کی پیداوار 151,012.50 ٹن (2019 میں 166,251.50 ٹن) رہی۔ پنجاب اور خیبر پختونخوا کی صوبائی حکومتوں کے گئے کی قیمت 190 روپے فی من مقرر کی۔ ارد گرد کی شوگر ملوں کو اپنے علاقوں میں گئے کی قلت کا سامنا کرنا پڑا۔ تو ان ملوں نے ہماری ملز کے علاقہ سے گئے کی خریداری شروع کر دی جس کی وجہ سے ہمیں گئے کی مقرر کردہ قیمتوں سے زیادہ ادا کرنا پڑا۔

چینی کی قیمت

پورے عرصہ میں گئے کی قیمتیں مستحکم رہیں لیکن کرکننگ سیزن کی بندش کے بعد حکومت پاکستان کی کاروباری معیشت میں مداخلت نے چینی کی قیمت کو پیداواری لاگت سے بھی کم پر لے آئے۔

مالیاتی کارکردگی

31 مارچ 2020 کو ختم ہونے والے چھ ماہ کے اختتام تک کمپنی کا ٹیکس کی ادائیگی کے بعد کامنافع 189.177 ملین روپے رہا (2019 میں 162.728 ملین روپے تھا)۔

ڈپٹی

ایسٹائول فیول پلانٹ نے چھ ماہ کے اختتام تک 31 مارچ 2020 تک MT16,854,584 کی پیداوار ہوئی۔

اکاؤنٹنگ کی پالیسیاں

کمپنی کی سہ ماہی کنٹرنڈ عبوری مالیاتی معلومات کی تیاری کے دوران اپنائی گئی اکاؤنٹنگ پالیسیاں وہی ہیں جو پچھلے سال سالانہ مالیاتی معاملات میں اپنائی گئی تھی۔

اعتراف

ڈائریکٹرز نے کمپنی کے عملے کی طرف سے کئے گئے ہر سطح پر اچھے کاموں کو سراہتے ہیں۔

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF CHASHMA SUGAR MILLS LIMITED
REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS**

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Chashma Sugar Mills Limited (the Company) as at March 31, 2020 and the related condensed interim statement of profit or loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review. The figures of the condensed interim statement of profit or loss account and condensed interim statement of comprehensive income for the three month ended March 31, 2020 and 2019 have not been reviewed, as we are required to review only the cumulative figures for the six month period ended March 31, 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is JehanZebAmin.

CHASHMA SUGAR MILLS LIMITED

NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED) FOR THE SIX MONTH PERIOD ENDED MARCH 31, 2020

1. Legal status and operations

Chashma Sugar Mills Limited (the Company) was incorporated in Pakistan on May 5, 1988 as a public limited company, under the then applicable Companies Ordinance, 1984 (repealed upon the enactment of the Companies Act, 2017 on May 30, 2017) and commenced its commercial production from July 9, 1988. The Company has its shares quoted on the Pakistan Stock Exchange Limited. The Company is principally engaged in manufacturing, production, processing, compounding, preparation and sale of sugar, ethanol, other allied compound intermediates and by products. The Company is a subsidiary of Premier Sugar Mills and Distillery Company Limited. The registered office of the company is located at Nowshera Road, Mardan, Khyber Pakhtunkhwa. The head office of the Company is situated at King's Arcade, 20-A, Markaz F-7, Islamabad and its manufacturing facilities are located in Dera Ismail Khan, in the province of Khyber Pakhtunkhwa.

2. Statement of compliance

These condensed interim financial statements for six month period ended March 31, 2020 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- i) International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- ii) Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

The disclosures in this condensed interim financial statements do not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements for the year ended September 30, 2019.

3. Changes in accounting standards, interpretations and pronouncements

a) Standards, interpretations and amendments to published approved accounting standards that are effective and relevant

The significant accounting policies and the methods of computation applied in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the annual audited financial statements of the Company for the year ended September 30, 2019 except for the adoption of new standard as set out below.

New or amended standards became applicable for the current reporting period, and the Company had to change its accounting policies and make classification adjustments as a result of adopting the following standard:

i) IFRS 16 "Leases"

The Company has adopted IFRS 16, "Leases" with effect from October 1, 2019 which replaces existing guidance on accounting for leases, including IAS 17 "Leases", IFRIC 4 "Determining whether an Arrangement contains a Lease", SIC-15 "Operating Leases - Incentive" and SIC-27 "Evaluating the substance of transactions involving the legal form of a Lease". IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right-of-use of the underlying asset and a lease liability representing its obligations to make lease payments. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The accounting policies relating to Company's right-of-use assets and lease liabilities are as follows:

Lease liabilities and right-of-use assets

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

Effective from October 1, 2019, leases are recognized as right-of-use assets and corresponding liabilities at the date at which the leased assets are available for use by the Company.

The lease liabilities are initially measured at the present value of the remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments include fixed payments, variable lease payments that are based on an index or a rate, amounts expected to be payable by the lessee under residual value guarantees, the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option, less any lease incentives receivable. The extension and termination options are incorporated in determination of lease term only when the Company is reasonably certain to exercise these options.

The lease liabilities are subsequently measured at amortized cost using the effective interest rate method. They are remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the respective right-of-use asset, or is recorded in profit or loss account if the carrying amount of that right-of-use asset has been reduced to zero.

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use assets are depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits.

The Company has adopted IFRS 16 retrospectively, effective from October 1, 2019, but has not restated comparatives for prior reporting period, as permitted under the specific transitional provisions in the standard. The cumulative impact of adoption of this standard is, therefore, recognized in current year in the statement of financial position with effect from October 1, 2019.

On adoption of IFRS 16, the Company recognized lease liabilities which had previously been classified as 'operating leases' under the principles of IAS 17 Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of October 1, 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on October 1, 2019 was 14.5% per annum.

In the previous year, the Company only recognized lease assets and lease liabilities in relation to leases that were classified as 'finance leases' under IAS 17 Leases. The assets were presented in property, plant and equipment and the liabilities as part of the Company's liabilities. On adoption of IFRS 16, the carrying amount of the right-of-use asset and the lease liability at the date of initial application is the carrying amount of the lease asset and lease liability immediately before that date measured applying IAS 17. For such leases, the Company recognizes right-of-use asset and the lease liability applying this Standard from the date of initial application.

In applying IFRS 16 for the first time, the Company has used the following practical expedients permitted by the standard:

- the accounting for operating leases with a remaining lease term of less than 12 months as at October 1, 2019 as short term leases;
- the use of hindsight in determining the lease term where contract contains option to extend or terminate the lease; and
- the exclusion of initial direct costs for the measurement of the right-of-use assets at the date of initial application.

The change in accounting policy affected the classification of following items in the statement of financial position on October 1, 2019:

25. General

- 25.1 Figures in these condensed interim financial statements have been rounded-off to the nearest thousand Rupees.
- 25.2 Late in 2019 news emerged from China about the COVID-19 (Coronavirus). In the first few months of 2020 the virus had spread globally, and its negative impact had gained momentum. The management considers presently this outbreak does not have any impact on the amounts being reported in the Company's statement of financial position as at March 31, 2020. While this is still an evolving situation as at the time of issuing these condensed financial statements yet, to date the operations of the Company have continued uninterrupted during this pandemic, future effects cannot be predicted. Management will continue to monitor the potential impact and will take all steps possible to mitigate any effects.

CHASHMA SUGAR MILLS LIMITED
NOTES TO THE CONSOLIDATED CONDENSED INTERIM
FINANCIAL STATEMENTS (UN-AUDITED)
FOR THE SIX MONTH PERIOD ENDED MARCH 31, 2020

1. Legal status and operations

Chashma Sugar Mills Limited (the Company) was incorporated in Pakistan on May 5, 1988 as a public limited company, under the then applicable Companies Ordinance, 1984 (repealed upon the enactment of the Companies Act, 2017 on May 30, 2017) and commenced its commercial production from July 9, 1988. The Company has its shares quoted on the Pakistan Stock Exchange Limited. The Company is principally engaged in manufacturing, production, processing, compounding, preparation and sale of sugar, ethanol, other allied compound intermediates and by products. The Company is a subsidiary of Premier Sugar Mills and Distillery Company Limited. The registered office of the company is located at Nowsheera Road, Mardan, Khyber Pakhtunkhwa. The head office of the Company is situated at King's Arcade, 20-A, Markaz F-7, Islamabad and its manufacturing facilities are located in Dera Ismail Khan, in the province of Khyber Pakhtunkhwa.

2. Statement of compliance

These condensed interim financial statements for six month period ended March 31, 2020 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- i) International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- ii) Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

The disclosures in this condensed interim financial statements do not include all of the information required for annual financial statements and should be read in conjunction with the annual financial statements for the year ended September 30, 2019.

3. Changes in accounting standards, interpretations and pronouncements

a) Standards, interpretations and amendments to published approved accounting standards that are effective and relevant

The significant accounting policies and the methods of computation applied in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the annual audited financial statements of the Company for the year ended September 30, 2019 except for the adoption of new standard as set out below.

New or amended standards became applicable for the current reporting period, and the Company had to change its accounting policies and make classification adjustments as a result of adopting the following standard:

i) IFRS 16 "Leases"

The Company has adopted IFRS 16, "Leases" with effect from October 1, 2019 which replaces existing guidance on accounting for leases, including IAS 17 "Leases", IFRIC 4 "Determining whether an Arrangement contains a Lease", SIC-15 "Operating Leases - Incentive" and SIC-27 "Evaluating the substance of transactions involving the legal form of a Lease". IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right-of-use of the underlying asset and a lease liability representing its obligations to make lease payments. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The accounting policies relating to Company's right-of-use assets and lease liabilities are as follows:

Lease liabilities and right-of-use assets

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

Effective from October 1, 2019, leases are recognized as right-of-use assets and corresponding liabilities at the date at which the leased assets are available for use by the Company.

The lease liabilities are initially measured at the present value of the remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments include fixed payments, variable lease payments that are based on an index or a rate, amounts expected to be payable by the lessee under residual value guarantees, the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option, less any lease incentives receivable. The extension and termination options are incorporated in determination of lease term only when the Company is reasonably certain to exercise these options.

The lease liabilities are subsequently measured at amortized cost using the effective interest rate method. They are remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the respective right-of-use asset, or is recorded in profit or loss account if the carrying amount of that right-of-use asset has been reduced to zero.

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use assets are depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits.

The Company has adopted IFRS 16 retrospectively, effective from October 1, 2019, but has not restated comparatives for prior reporting period, as permitted under the specific transitional provisions in the standard. The cumulative impact of adoption of this standard is, therefore, recognized in current year in the statement of financial position with effect from October 1, 2019.

On adoption of IFRS 16, the Company recognized lease liabilities which had previously been classified as 'operating leases' under the principles of IAS 17 Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of October 1, 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on October 1, 2019 was 14.5% per annum.

In the previous year, the Company only recognized lease assets and lease liabilities in relation to leases that were classified as 'finance leases' under IAS 17 Leases. The assets were presented in property, plant and equipment and the liabilities as part of the Company's liabilities. On adoption of IFRS 16, the carrying amount of the right-of-use asset and the lease liability at the date of initial application is the carrying amount of the lease asset and lease liability immediately before that date measured applying IAS 17. For such leases, the Company recognizes right-of-use asset and the lease liability applying this Standard from the date of initial application.

In applying IFRS 16 for the first time, the Company has used the following practical expedients permitted by the standard:

- the accounting for operating leases with a remaining lease term of less than 12 months as at October 1, 2019 as short term leases;
- the use of hindsight in determining the lease term where contract contains option to extend or terminate the lease; and
- the exclusion of initial direct costs for the measurement of the right-of-use assets at the date of initial application.

The change in accounting policy affected the classification of following items in the statement of financial position on October 1, 2019:

	As originally presented	Impact of IFRS 16	Restated
		(Rupees in thousand)	
Non-current Assets:			
Property, plant and equipment

The following summary reconciles the Company's operating leases at September 30, 2019 to the lease liabilities recognized on initial application of IFRS 16 at October 1, 2019.

	(Rupees in thousand)
Operating leases as at September 30, 2019	<u>62,402</u>
Discounted using the lessee's incremental borrowing rate of at the date of initial application	3,448
(Less): short-term leases recognized on a straight-line basis as expense	29,138
(Less): low value leases recognized on a straight line basis as expenses	-
Lease liabilities recognized as at October 1, 2019	<u>29,816</u>
Of which are:	
Current lease liabilities	12,370
Non-current lease liabilities	17,446
	<u>29,816</u>

The statement of profit or loss account shows the following amounts relating to leases:

	March 31, 2020
	(Rupees in thousand)
Interest expense on lease liabilities	10,755
Expense related to short term leases	22,725
Expense related to leases of low value assets	-

The changes laid down by other standards effective during the period have no significant impact on these financial statements of the Company.

b) Standards, interpretations and amendments to published approved accounting standards that are effective but not relevant

The other new standards, amendments and interpretations that are mandatory for accounting periods beginning on or after July 1, 2019 are considered not to be relevant for the Company's financial statements and hence have not been detailed here.

4. Financial risk management

The Company's financial risk management objectives and policies are consistent with those disclosed in the audited financial statements for the year ended September 30, 2019.

5. Seasonality of operations

Due to seasonal nature of sugar segment of the Company, operating results of the Company are expected to fluctuate in the second half of the year in comparison with the first six months of the year.
